## Ford models with oval shaped 6000CD audio system

Oval shaped Ford 6000CD system

A new Ford dashboard panel is required if the car was delivered with an oval shaped audio system.

(sample photo)

(sample photo)

Mount the metal brackets to the double DIN head unit.

The position of the copper coloured holder can be adjusted to your needs for perfect fit. (see sample)

## Ford with other audio systems

1. Insert Ford radio release keys in the holes of the OEM head unit. Remove OEM head unit by pulling it towards your direction.

2. Place the mounting frame on the dashboard and fix it.

Push the metal frame into the mounting frame.

Connect all required circuit points and push the double DIN head unit until it snaps in.

Place the facia plate

Reinstall everything in reverse order to finish installation.

All installation work must be performed by a qualified professional installer only. The manufacturer / dealer is not liable for any kind of incidental or indirect damages.
